  - Ann highlighted an upcoming webinar on Monday 27<sup>th</sup>, 12pm to debrief on the Climate Committee progress. Registration is available at:

  - Chris noted that there is an update Thursday 30<sup>th</sup>, 6pm on the VT State Energy Plan.
- Window Dressers
  - We have 14 orders – that makes about 110 window inserts
  - Ann will be outside the Guilford Store Friday Oct 1<sup>st</sup> to sign up more people – volunteers for onsite work
  - Nancy noted most of the attendees found the event through Facebook
  - We still need more shift supervisors – those positions need to know the order of operations
- Guilford Fair feedback – would have been helpful to have more staff there to go out and engage people. But had good conversations with those who stopped by.
- Chris noted that there is an update on in the Selectboard agenda on the Energy Committee – this may be Verandah Porche providing an update on Window Dressers. He will try to join the next meeting.
